About

If you want to take a closer look at the marvelous underwater world, come for a try dive! It opens a door to a whole new world and most people find it even easier than snorkeling.

Our “Try Diving” program is designed for people who would like to try diving for the first time or have tried already but do not have a diving license yet. It only takes about 2 hours and you need to be min 10 years old. You will get a briefing from your instructor, who will then take you for a dive and be there to help you all the time.

Once accomplished the Try Diving program with us you can also join the diving boat for some additional Try Dives at different dive spots.

You will get

- A professional dive Instructor
- A brief introduction on dive theory and basic dive skills
- Practice in the shallow water
- An unforgettable experience on our beautiful house reef
